Undergraduate students, with the exception of non-degree-seeking students, shall be classified at the end of each academic term by the Office of the Registrar on the basis of the total number of attempted credit hours for which they have successfully earned credit in accordance with the following:

Class	Credits Earned
Freshman	0-29 credit hours
Sophomore	30-59 credit hours
Junior	60-89 credit hours
Senior	90+ credit hours

*Georgia Tech partners with high school and home study programs to enroll students in advanced courses. Our program intends to enrich the high school experience, not replace it. Students who take classes at Georgia Tech usually continue taking classes and participating in activities and organizations in their high school communities. Admission for Dual Enrollment is available for fall semester only. If you are admitted for fall semester, you may enroll in spring semester courses pending satisfactory academic performance in the fall. Summer courses are not available.

The admission process is selective and a prospective student should have a profile like students in the top quarter of our first-year class to be competitive. Visit the Office of Undergraduate Admission website for more details.

**Please note the freshman numbers in the above chart are not based on cohort. The freshman number is the number of students enrolled classified as freshman by the Registrar.

International Programs

ACADEMIC INFORMATION

Georgia Tech strongly believes in the importance of international experience for students. Student interest in international programs has been growing steadily for two decades. Georgia Tech is committed to expanding opportunities for students to participate in academically and culturally valuable international programs.

Study Abroad...Explained

Studying abroad gives students an opportunity to improve their global competencies while meeting their academic goals, as students are able to take classes to fulfill their degree requirements in a foreign country.

According to Georgia Tech Undergraduate Admissions, close to 52 percent of Tech students study or intern abroad by graduation. There are over 120 study abroad programs, ensuring that you can participate regardless of your choice of major.

Georgia Tech Study Abroad by Year 2011 - 12 through 2020 - 21*

Year	Number
2011 - 12	1,478

International Programs

ACADEMIC INFORMATION

Global Research and Internship Program

Since 2014, the Global Research and Internship Program (GRIP) has been housed in the Office of International Education. GRIP facilitates overseas internships for Georgia Tech students in a variety of settings, including corporate, academic, research, non-profit, governmental, and service. Note that global internship participation numbers are included in the overall international experience totals.

*Due to the COVID-19 pandemic, a significant number of international internships were suspended.

International Programs

ACADEMIC INFORMATION

International Plan

The International Plan is a challenging undergraduate academic program that develops a student's global competence within the context of his or her major. It is an optional, degree-long program that integrates overseas experiences, language proficiency, and globally-focused coursework into 28 participating majors (out of 36). It builds on existing undergraduate degree requirements and international opportunities. The IP is intended to be completed within the normal time frame of a four-year undergraduate degree. Completion of the International Plan is recognized by a designation on the student's diploma indicating a commitment to developing global competence as part of the degree, e.g., "B.S. in Electrical Engineering: International Plan."

College	Total IP Participants as of May 13, 2021	New First-Year Participants Joined IP in AY2020 - 21	Number of IP Graduates in AY2020 - 21	Total Number of IP Graduates Since Inception

International Student and Scholar Services

International Student and Scholar Services (ISSS), a unit of the Office of International Education, serves as a resource and advocate for the large and diverse population of international students and scholars. ISSS strives to create an environment where international students and scholars are able to make a well-integrated transition to Georgia Tech through diverse cultural, educational and leadership opportunities. In addition to serving enrolled students, ISSS also provides services to graduated students completing training in their field of study using Optional Practical Training (F-1 graduates) or Academic Training (J-1 students). OIE serves a vibrant community of Exchange Visitors who come to Tech to conduct research, teaching or related scholarly activities. Since 2013, the Exchange Visitors include student interns.

The Enterprise Innovation Institute (EI²)

The Enterprise Innovation Institute (EI²) is Georgia Tech's business outreach organization and serves as the primary vehicle to achieve Georgia Tech's goal of expanded local, regional, and global outreach.

EI² is the nation's largest and most comprehensive university-based program of entrepreneurship and startup company development, business and industry growth, ecosystem development, and international outreach.

EI²'s programs help entrepreneurs, industry, and the public sector to be more competitive and increase economic impact in Georgia, nationally, and globally. EI² brings these areas of expertise into a single organization to give clients comprehensive solutions customized to their individual needs.

Reporting through the executive vice president for research at Georgia Tech, EI² serves startups, industry, the public sector, and government to help increase the bottom line, improve competitiveness, and positively impact the economy. In addition, EI² provides connections to Georgia Tech's vast resources, including world-class research, state-of-the-art facilities, internationally recognized experts, and upper-echelon students.

EI²'s key programs include the Georgia Manufacturing Extension Partnership (GaMEP), the Advanced Technology Development Center (ATDC), the Economic Development Lab, and the Partnership for Inclusive Innovation. See innovate.gatech.edu for a complete listing of programs and services.

Select EI² impact results in fiscal year 2021:

- 1,139 technologies from Georgia Tech research were assessed by VentureLab
- \$692M+ investments into VentureLab startups
- 579 startup companies and entrepreneurs served by ATDC
- \$493M+ in capital activity for ATDC companies (current and graduates)
- \$540 million in new sales, \$87 million in cost savings and \$126 million in new investments for assisted manufacturers
- 15,506 industry and businesses served across the state
- 24 international projects

EI² manages a network of 11 Georgia Tech Regional Offices around the state to facilitate delivery of economic development services and to provide a local connection to Georgia Tech. To learn more about EI² or to take advantage of these outreach opportunities please visit: innovate.gatech.edu.
